APS P&C Facebook private group guidelines

Why join the APS P&C group page?

This is a private page intended for parents and carers at the school. It does not replace other channels of communication, but it's a good way to stay in touch with information about school and P&C events and news.

It's a place where we'll share:

- Updates and reminders of P&C events
- School news
- Photos from school and P&C events *
- Documents (such as volunteer rosters, meeting agenda)

* **Please don't tag photos.** You must obtain parent/guardian approval before using images, videos and work of students. Some families have specifically requested that their photographs are not used in digital or print media, and we must respect this.

Think before you post!

Make sure you treat all members of our community with respect, and consider your comments carefully before you hit 'post'.

This page is not a place for playground gossip or social chit chat – remember your posts will probably show up in every member's news feed. It's also not intended to be a 'parenting support group'.

Who can join the group?

You can join the group if you have a child at Annandale Public School. You can join under a pseudonym but please let the moderator know your real identity in a private email so we can verify all members are part of the school.

You do not need to 'friend' everyone else in the group – although it can be a good way to expand your family network.

How is the site moderated?

Volunteers from APS P&C will, to the best of their ability, monitor material posted on this page and may remove any material for any reason at our discretion. We are not responsible for material posted by third parties and cannot guarantee the accuracy of the information on this page.

We will do this if we feel comments or material is vulgar, abusive, defamatory, pornographic, offensive, discriminatory, incites violence, intolerance, racial hatred or infringes third party rights (including intellectual property rights).

Posts are not to be made for individual or collective commercial gain or to collect or use user contact information for the purpose of unsolicited communication.

Comments that violate Facebook's Terms of Use, or are spam, will be removed.

If you continually violate this code of conduct we may need to remove you from the group.
